Dear Mr. Rehder:

Enclosed please find a copy of the *Sampling and Analysis Plan for OU7 Passive Aeration System*. The Sampling and Analysis Plan (SAP) was revised based on the comments we received from the U.S. Environmental Protection Agency (EPA) and the Colorado Department of Public Health and Environment (CDPHE) on the May 25, 2000, teleconference and June 16, 2000, meeting. Please note that this document is a copy of a controlled document and revisions from the previous SAP, including deletions (e.g. deletion of Table 4-2 on page 9) are indicated by vertical lines along the left margin with the notation DCF-001.

An advanced copy of the SAP was provided directly to the EPA and the CDPHE staff on August 24, 2000. The Department of Energy will schedule a meeting in a couple of weeks with your staff to discuss the analytical results and performance objectives for volatile organic compounds for the months of June and July 2000. We also have results for semi-volatile organic compounds for July.

If you should have any technical questions regarding this SAP, please contact me at (303) 966-5918 or contact Norma I. Castaneda, of my staff, at (303) 966-4226.

Sincerely,

Joseph A. Legare
